2 Reward management: focus on pay 3 Reward management: focus on pay This year's CIPD Reward Management: Focus on pay survey report finds that HR and reward professionals face many challenges and difficult choices. For instance, our research finds that market-related pay is now the most important factor in determining salary levels, indicating the impact of a competitive market for skills ...

around 40% in Australia and Norway, for instance. These exit rates tend to be stable over time; the probability of staying in the top 1% group in the United States, for example, has remained more or less at the same level since the 1970s (Kopczuk et al., 2010). The crisis put a halt to the surge of top income shares, but only temporarily Top earnings are more sensitive to changes in the ...
